# Touring Residences During Covid-19

*We are committed to fastidiously ensuring the health and safety of touring visitors and current residents. Here is what you can expect when you visit a Bria property for a tour.*

### **HAND HYGIENE**

Please use the hand sanitizing stations as you enter and exit the residence.

### **MASK**

Please wear a mask while in the common spaces of the building. Masks will be available for those who arrive without one.

### **SCREENING**

We will ask you to complete a simple screening form to evaluate your health and exposure to Covid-19.

### **TEMPERATURE**

We will take your temperature with an infrared thermometer. If it exceeds 37 degrees, we will reschedule the tour.

### **SOCIAL DISTANCE**

We will work to ensure at least six feet of social distance between you, staff and residents.

### **AVOIDING SOCIAL SPACES**

We will take you directly to the show suite without lingering in any social spaces. A view of the full building is available on our virtual tour video on the website.

### **ELEVATORS**

We will travel with no more than two individuals (including staff) in the elevator at one time.

---

## **The BRIASAFE Commitment**

We are committed to creating a safe and secure environment for each resident through building design, staffing, technology, policies, and innovative thinking.
