SECURITY

Reception is staffed 24/7 for your convenience and safety. Access to suites, underground parking and all exterior doors is managed by a keyless locking system.

SAFETY FIRST

Our Good Morning safety check-in ensures each resident is up and active. We provide personal emergency pendants that are monitored 24/7.

AGE IN PLACE

Living in a community like ours makes home support cluster care possible, increasing convenience and reducing costs. In addition, residents have priority placement in our BriaCare Long-term Care Centres.

CONNECTED TO THE OUTDOORS

Our walking paths meander through the beautifully landscaped courtyard and pond. Our gardening areas include raised bed planters and a greenhouse.

ENERGY EFFICIENT

Our building features hot water radiant heat in all suites and living areas and is designed to optimize energy use and comfort. Solar panels collect and distribute energy throughout the building.
